

European Brewery Convention

PRESS RELEASE

Proceedings EBC Congress Prague 2005 published

The Proceedings of the 30th Congress of the European Brewery Convention (Prague, May 2005) have been published, on CD-ROM.

The CD-ROM contains the complete congress proceedings in pdf-files (portable document format), which can be viewed and browsed using the software Adobe Acrobat Reader. A User's Guide explains how to take optimal advantage of the search facilities offered.

The Proceedings contain the texts of all lectures and posters (173 contributions in total); these are published in English. It further contains a descriptor index, an author index as well as curricula vitae with photographs of authors. The publication also gives information on EBC in general and on the EBC Committees & Groups. The list of congress delegates with full address details as well as the list of participants in the exhibition of scientific institutes & brewing schools are added.

The following topics are covered:

- Raw Materials (14 presentations)
- Technology & Processing (16 presentations)
- Yeast & Fermentation (18 presentations)
- Beer Filtration (11 presentations)
- Beer Stability & Foam (15 presentations)
- Beer Flavour Stability (23 presentations)
- Product Development & Nutritional Aspects (11 presentations)
- Analytical Techniques (12 presentations)
- Microbiology & PCR Techniques (13 presentations)
- Molecular Tools in Malting & Brewing (11 presentations)
- Energy & Water Efficiency (9 presentations)
- Product Wholesomeness & Integrity (16 presentations)
- Consumer Confidence (4 presentations)

The Proceedings have been sent to all registered congress delegates. Additional copies can be ordered from:
